

PERSONAL INFORMATION FORM TO UPDATE LABEF WEBSITE

1. Contact

Full name: Guillaume Hounsou-Dindin

Phone : +229 0196661428

Email : guillaumehdd@gmail.com

Position: Researcher

2. What is your position at LABEF (PhD students, Post-docs, Research assistants, etc.).

Researcher

3. Give two to five keywords that best describe your research fields

Forest ecology and management

Species distribution modelling

Agroforestry and domestication of indigenous trees

Urban forestry

Fundamental plant genetics

4. Provide a summary of your biography (max. 150 words)

Guillaume Hounsou-Dindin is a researcher specializing in Conservation biology. He earned a Bachelor's degree in 2013, focused on the Management of the National Park W and the issue regarding the management of spice and dyeing and aromatic plants in the surrounding areas of the park, followed by a Master's in 2017 (supported by RUFORUM), where he studied optimal practices for baobab leaf production. In 2022, he completed his PhD at the University of Abomey-Calavi on the biodiversity and conservation of wild oil plants. Since 2015, he is member of the LABEF, where he now serves as a Researcher. Guillaume has contributed to more than fifteen scientific publications and has presented his work at international conferences. He is the recipient of several awards and fellowships, including those from AGNES, the Bayer Foundation, IFS, and the AvH Foundation. He also engages in biodiversity conservation and community development through Greef NGO activities.

5. Provide links to your Google Scholar and ResearchGate pages
